We do have strict Ratios & Age Restrictions that we need to adhere to which can be found below based on the colour from the Table above.

1:6 Ratio, 6 people per Raft, plus Raft Guide, minimum age of 12+

1:8 Ratio, 8 people to 1 Tubing Instructor, minimum age of 7+

1:12 Ratio, 12 people to 1 Staff Member, minimum age of 7+

For this to work successfully, it would be best to work based on the ratios given above and set them into groups that can be worked around that. If you can give us a total number of students that will be participating in the day, that would be great. Another thing to be mindful of that any members of staff that will be participating in the activities will be included in the ratios as well.

We can run activities for multiple groups, please see below our example programme

	Group 1	Group 2	Group 3	Group 4
